SIGNO-EX P

COLORIS®

A high quality, colourful ink for covering over and over-spraying old or incorrect inscriptions on card board or wood. Only environmentally-friendly propane/butane mixes are used as propellant.

Properties:
This marking ink goes a long way, is flexible, waterproof, quick-drying, and extremely lightfast. The colour pigments are easily dispersed by shaking, even after longer storage periods.

Application:
SIGNO-EX P is especially suitable for covering old or incorrect inscriptions on cardboard boxes, paper bags and wooden crates. The colour of this ink is that of standard cardboard.
Able to be over-sprayed with new ink within a very short period.

Drying time:
~15sec (metal) Signo-EX P

Solid content:
>25%

Method:
We recommend using the spray can approximately 20 cm from the surface, spraying crossways over the surface several times to avoid drips.

Cleaner for tools:
Thinner 475

Available standard sizes:
Spraycan 400ml
