

# Thinner 420

COLORIS®

**Alcohol-based solvent mixture for thinning special stamping inks and diluting to desired viscosity.**

Stamp pads with dried or highly viscous ink can sometimes be refreshed by adding small quantities of thinner.

**Caution:**

Diluting too highly can lead to loss of important physical properties such as adhesion, covering capacity or color intensity!

**Application:**

We recommend this thinner for the following solvent-based inks:

Stamping ink KROSKA P, zinc metal sheet ink, 200PR, 770P, 779, 801, 805, 8251 or 8280P.

**Thinning instructions:**

Pour a quantity of ink into a container, add a small quantity of thinner and stir. Continue to add small amounts of thinner until desired viscosity is reached.

**Available standard sizes:**

50ml/g · 250ml/g · 1000ml/g · 5000ml/g
