8480 FP P

COLORIS®

These quick drying pigmented stamping inks was developed specially to meet current EU guidelines for use in the food packaging industry.

Properties:
The stamping inks produce brightly coloured, well-adhering prints. Only ingredients are used that meet the requirements of EU Directive 1935/2004/EC and Regulation 10/2011/EC, i.e. the ingredients are low-migration and free of heavy metals.

Application:
Food packaging of metal, wood, plastic, glass or rubber such as plastic bags, sheet metal boxes, yogurt covers, glass bottles or milk cartons can continue to be treated quickly following marking without smearing the marking.

Drying time:
~20sec (metal)

Viscosity:
low viscosity, ~15sec
(Ford 4mm cup)

Stamp material:
Rubber or special photo polymers

Stamp pad material:
For manual stamping, we recommend felt plate or SOLI plate pads. For automatic printing, we recommend flexographic presses with ink reservoirs.

Thinner/cleaner:
Thinner 425

Available standard sizes:
50ml/g · 250ml/g · 1000ml/g
