Thinner 990

COLORIS®

Alcohol-like solvent mixture for thinning special stamping inks and for setting the desired viscosity.

Property:
Even thickened ink in the ink pad can sometimes be freshened up by adding small amounts of thinner. Can also be used to clean the stamp.

Attention:
However, too much dilution can lead to the loss of some important physical properties such as adhesion, opacity or color strength!

Application:
We recommend this thinner for the following solvent-based paints:
Stamping ink 8079 P

Dilution advice:
A certain amount of in a small container Prepare the paint, add a correspondingly small amount of thinner and stir. Repeat the addition of thinner until the desired viscosity is reached.

Available standard sizes:
50ml/g · 250ml/g · 1000ml/g · 5000ml/g
